Flexible monochromatic IP20

BOF _ BOC

300 led _12V _24W

LED Diode SMD monochrome lighting strip for indoor use, extremely flexible and easily cut into several, all perfectly working sections. Very low consumption (24W), good brightness (1050 LM) and prolonged duration (70,000 hours) with negligible heating. Ideal to light niches, showrooms, exhibitors and to highlight details on shelves.

Power supply in 12V low tension. 120° light emission angle. Units can be linked with each other up to a total length of 9 meters. 3M adhesive on the bottom for anchoring.
